Please call 612.508.0217 if you are able to help or

their unborn child!

We are in need of volunteers to walk with women who chose life for

it is a privilege to volunteer and bring your passion to life!

How can you help?

House of Hope

Providing a Home, Building a Future

Enkrateia House of Hope - “EHOH”

A Shepherd home being created to meet the needs of women and mothers facing a crisis pregnancy and homelessness in the SW part of metropolitan area and surrounding small towns

Our Mission

Provide a compassionate, caring and faith-centered home for homeless pregnant women and mothers during their pregnancy and after the birth of their children and to assist them in learning skills that foster self-sufficiency and hope for their future.

We believe, as C. S. Lewis said:

“You can’t change the beginning, but you can start where you are and change the ending”

Life is a journey, let us walk together!

EHOH wants each mother to know that her dignity, uniqueness, and value come from the Father, her Creator, and His grace can help her become the best parent for her child.

Daily life at EHOH provides a home environment that creates trust, peace, security, support, encouragement and respect. So you encounter a true family relationship with each other.

The policies ensure protection, safety and welfare of all mothers, employees, volunteers and visitors.
